Ask a Question

• Annual Report of the Board of Directors. •

To the Honorable, the Mayor and Common Council of the City of Eau Claire:

THE Board of Directors of the EAU CLAIRE PUBLIC LIBRARY, as required by law, herewith submit their report for the year ending June 30, 1896.

The past year has been one of healthful growth and increased usefulness of our library, assuring us that our work is now growing to be recognized as one of educational value to the people.

A summary of the work in the library is given in the report of the Librarian, which is made a part of this report. From this report of the Librarian, those interested in our success can form an idea of the amount of new work involved in keeping up even a small library. The routine work of loaning and caring for the books, and proper attention to the reading room and reference work is continuous and exacting.

We have been working as nearly as possible along the lines suggested in our report of last year, with the principal end always in view of making our library a most valuable adjunct and complement to the educational possibilities of the city. Judging from the good words that the library has had from the teachers in our schools and from others who are interested in literary work—now, happily, an increasing number—we feel that we surely have a reason for the existence of a good working library here in Eau Claire, as well as an expression from thinking people that the work should be continued and enlarged. A public library, if it is to be of real value, must not be allowed to retrograde, and a lessening of its powers and activities certainly means retrogression.

Our boys come to the library after school hours not to find the bare facts already gone over in school, but with a legitimate desire to get an authoritative opinion from those best qualified to speak on some special subject suggested by their school work. To satisfy this call for the latest information on all sorts of subjects it is necessary to be constantly adding the newest books treating of science and the

L.E. Phillips Memorial Public Library

1. Definitions. "Supplies" means all property, including but not limited to goods, commodities, equipment, parts, materials, printing, and leases on real and personal property. "City" means the City of Eau Claire, Wisconsin, who is the buyer.
2. Delivery and Acceptance. The City reserves the right to refuse any supplies and to cancel all or any part of the supplies not conforming to applicable specifications, drawings, samples or descriptions. Acceptance of any part of the order shall not bind the City to accept future shipments, nor deprive it of the right to return supplies already accepted.
3. Risk of Loss. Delivery shall not be deemed to be complete until supplies have been actually received and accepted by City.
4. Defects. By accepting this order Seller acknowledges that the supplies covered by this order are satisfactory for the purpose intended by the City, if disclosed, and that any defect in such supplies may occasion special damage to the City.
5. Conforming Supplies. Acceptance of all or any of the supplies shall not be deemed to be a waiver of the City's right either to cancel or to return all or any portion of the supplies because of failure to conform to the specification or description or by reason of defects, latent or patent, or other breach of warranty, or to make any claim for damages occasioned the City. Such rights shall be in addition to any other remedies provided by law.
6. Patent Infringement. Seller agrees to indemnify and hold the City harmless from and against all liability, damage and expense, including reasonable counsel fees, resulting from any actual or claimed trademark, patent or copyright infringement, or any litigation based thereon, with respect to any part of the supplies covered by this order, and such obligation shall survive acceptance of the supplies and payment therefore by the City.
7. Warranty. Seller expressly warrants that the supplies covered by this order are of merchantable quality and satisfactory and safe for consumer use. Acceptance of this order shall constitute an agreement by Seller to indemnify and hold the City harmless from liability, loss, damage and expense, including reasonable counsel fees, incurred or sustained by City by reason of the failure of the supplies to conform to such warranties. Such indemnity shall be in addition to any other remedies provided by law and as to consequential damages shall be limited as provided in Section 2-715(2) of the Uniform Commercial Code.
8. Labor Disputes. Whenever any actual or potential labor dispute delays or threatens to delay the timely performance of this order, Seller shall immediately give notice thereof to City.
9. Entire Agreement. This contract contains the entire agreement of the parties. It may not be modified or terminated orally, and no claimed modification, termination or waiver shall be binding on the City unless in writing signed by a duly authorized representative of the City. No modification or waiver shall be deemed effected by Seller's acknowledgment or confirmation containing other or different terms. All titles to clauses contained in this order are for identification only and shall not be construed as being a substantive part of the agreement.
10. Taxes. The City of Eau Claire is exempt from all Federal Excise Taxes.

The supply or supplies described on this Purchase Order or on the attachments to it, are purchased from the named seller for the exclusive use of the City of Eau Claire, Wisconsin.

It is understood that the exemption from tax in the case of sales of supplies under this exemption certificate to the United States, etc., is limited to the sale of supplies purchased for their exclusive use, and it is agreed that if supplies purchased tax free under this exemption certificate are used otherwise or are sold to employees or others, such fact will be reported by me to the manufacturer of the supply or supplies covered by this certificate. It is also understood that the fraudulent use of this certificate to secure exemption will subject the undersigned and all guilty parties to a fine of not more than \$10,000, or to imprisonment for not more than five years, or both, together with costs of prosecution.

This P.O. serves as an exemption certificate for state sales tax purposes.

11. Assignments. This contract shall not be assigned to another party without the express written consent of the City.
12. Remedies. Any dispute arising in connection with this contract shall be settled in accordance with the provisions of Chapter 2.92.195 of The Code of Ordinances of the City of Eau Claire, Wisconsin.

# A history of Eau Claire, Wisconsin from earliest times to 1910

© 1960 by Lois Barland

Worzalla Publishing Co.

Stevens Point, Wis.

# The Future

The background features a series of concentric, semi-transparent circles centered on the page. The color palette is a gradient, starting with cool blues and purples at the top and transitioning through pinks and oranges to warm yellows and oranges at the bottom. The circles vary in opacity, creating a layered, ethereal effect.
