

PebbleGo Dinosaurs Launches August 2015!

New module joins the PebbleGo family of K-2 research databases!

Dinosaurs. The science about them changes but kids' fascination with them never does!

PebbleGo Dinosaurs will bring your students more than 125 articles to explore their favorite prehistoric animals. This new module will feature:

- Scientifically accurate dinosaur illustrations—including feathers when appropriate!
- Dinos are categorized as Beaked, Long Necks, or Bird-Like and sub-categorized by factors such as body type, related dinosaurs, and what they eat
- All the PebbleGo features your kids love and you trust including expertly leveled text, easy-to-use navigation, audio support, and 24/7 access from school and home
- Downloadables that allow students to label dinosaur parts and share the dino facts that they learn

Pricing:

- 1 PebbleGo database:\$395/yr
- 2 PebbleGo databases:\$695/yr
- 3 PebbleGo databases:\$895/yr
- 4 or more databases:Add \$100/yr for every database above 3
(All 5 databases = \$1095/year)

Currently available PebbleGo modules include: **Science, Animals, Biographies and Social Studies.** Dinosaurs becomes the fifth module this August.
