NAXOSWORKSDATABASE

Your Online Guide to Orchestral and Chamber Music

www.NaxosWorks.com

NAXOS MUSICAL **WORKS** DATABASE

Features information on over 25,000 classical musical works, with more than 3,500 composers represented along with their biographies.

NAXOS WORKS DATABASE meets the needs of many artists and performing arts organisations - a place where they can find all the most important information about classical musical works - instrumentation, playing time, year of composition, composer biographies, music notes and much more. The data are derived from the vast amount of information included in the Naxos Music Library, augmented by information from many other sources and music publishers.

SEARCH CAPABILITIES

The new service offers sophisticated search capabilities - users can search by playing time, year of composition, country of birth of the composer, category, featured instrument and many other criteria, either singly or combined, making it an indispensable tool for concert programming.

NEW CONTENT

Our musical works database is a growing product. The chamber music entries will be vastly expanded over time. New works are added at the rate of 100 to 200 per month. Missing information will continue to be filled.

VALUE FOR MONEY

There is nothing else like it on the internet, with this much content, and with annual subscriptions starting at **just US\$100**, it is budget-friendly for all.

FACTS AND FIGURES AS OF MAY 2015

OVER 10,000 MUSIC NOTES

3,500 COMPOSER BIOGRAPHIES
